DETAILED ACTION

Withdrawal of Finality

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Smith, III et al. (Smith) (US 5,483,052).

With regard to claims 1 and 2, Smith discloses a system (Figure 2) for the display of advertisements over two communication mediums (printed matter and electronic format) comprising: sequester means (light pen or scanner 16, computer 20) to sequester advertisements in a first format into a second format (col 3, lines 5-30); display means (monitor 26) to display said second format (col 3, line 23-30); and refresh means (computer 20) to refresh the second format when the first format changes; wherein said refresh means provides commonality in the advertisement between said first format and said second format (col 3, line 5-30).

Allowable Subject Matter

4. Claims 3-9 are allowed.
